

## **House League Update for 2012 born players**

This year MUSC has adjusted our House League program specifically to U9-11 (2013-2015) players. This is intended to provide more parity in the House League program.

Additionally, this is designed to encourage 2012 born players to continue their soccer journey with our CMSA programs, promoting a longer lifelong soccer and team experience for our players. The intent is to create a larger pool of players within Calgary Minor Soccer, providing players with an opportunity to play at a suitable level. Our aim is to provide our U12 players with opportunities to play from Tier 1-4 ensuring varying options and programs to all players.
